

Dear Partner,

A. Friedr. Flender AG is a leading international manufacturer of mechanical and electrical components for power transmission equipment.

Our diversified product range covers individual components and also complete drive system for nearly all industrial applications.

According to our claim "We move the world", **A. Friedr. FLENDER AG** drive components ensure on all continents that the world is kept moving.

To adapt torque and speed of a prime mover to torque and speed of a driven machine, **FLENDER** offers a widely diversified product portfolio covering couplings transmitting only few Newton metres; geared motors; industrial gear units; and heavy-duty gear units transmitting torques of several million Newton metres.

Covering the entire torque range, **FLENDER** distinguishes itself by both modular standard products and its competence for drive trains including application-related know-how.

We have the pleasure to inform you that the **A. Friedr. Flender AG** Branch Office in Romania is represented by SC CN Industrial Group SRL (CNIG).

Please be informed that the commercial clauses offered by CNIG are the same as those offered by **A. Friedr. Flender AG** in terms of delivery conditions, prices and warranties.

Your technical questions will get appropriate answers either from CNIG staff or from our headquarters, according to the complexity of the problem.

Please feel free to contact us via CNIG at the following address:
